I dedicate this book to my children, Wyatt and Lizzy.

You are my entire world, and I love you so, so much.

May you realize who and what you are, and may you realize the power you hold within yourself.

I want you to live the happy and abundant lives you deserve.

Introduction

I created and manifested this book thinking of my own two beautiful children.

I believe it to be very important to teach a child of their self-worth and inner strength from a very early age.

After all, should they carry on these beliefs that healing starts in their own minds, they will bring about the most change.

As a healer, I wanted my children to learn about and understand how the energy centers worked.

They need to be taught that it is imperative in a world of negativity, how COLOR can and will affect them.

Not only that but how WORDS, in daily life, impact the balance of their well-being.

Quite frankly, whether your child reads this book or hears you reading it, it is all based on repetition and continual visual stimulation.

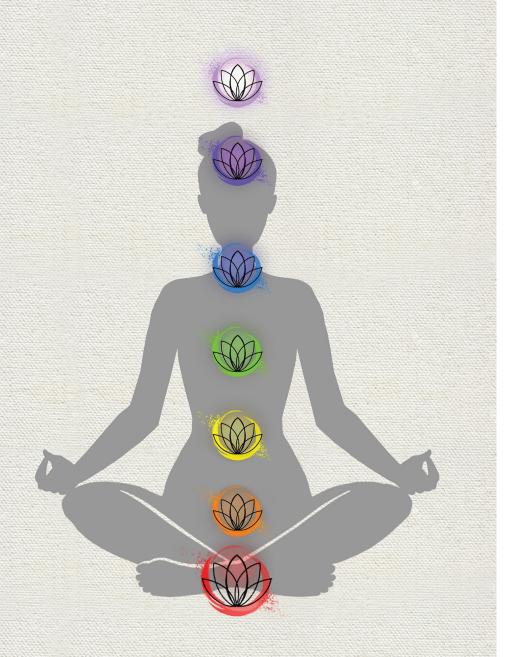

All who read this book will learn that I purposely picked all aspects of this book; each piece working in harmony for a lasting healing effect.

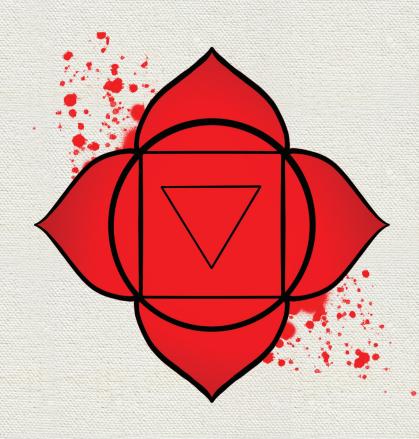

- 1. The color splotches on the child silhouette show the direct placement of a specific Chakra.
- 2. The mandala chakra located to the right of the book exaggerates the visual attempt to bring balance. Color stimulants create a healing effect whether you choose to look at or wear that color.
- 3. The statements were picked for the most impact and are to be used repetitively as affirmations. These are used to program and perhaps reprogram the subconscious mind over time. Also helping to bring balance to the correlating chakras. Even if your child never reads the words, hearing the statement "I AM ——" has the same effect.
- 4. As you can see, the book starts off with red and moves through the rainbow spectrum to the beautiful light violet. It is important to heal from the root chakra first and move the energy up to the crown. The base must be cleaned and balanced before expecting the others to follow. Now when I conduct healings, I pull in energy from source, moving from the crown, at the head, to the ground, which is located at the foot. It is the proper way to cleanse, so I have learned although others may disagree. Clairvoyantly, I also see the chakra colors differently than your usual psychic, so you'll notice how my book colors reflect that.

In reality, it doesn't matter how you or I perceive what we pick up psychically. It's all based on intent and how our intuition guides us.

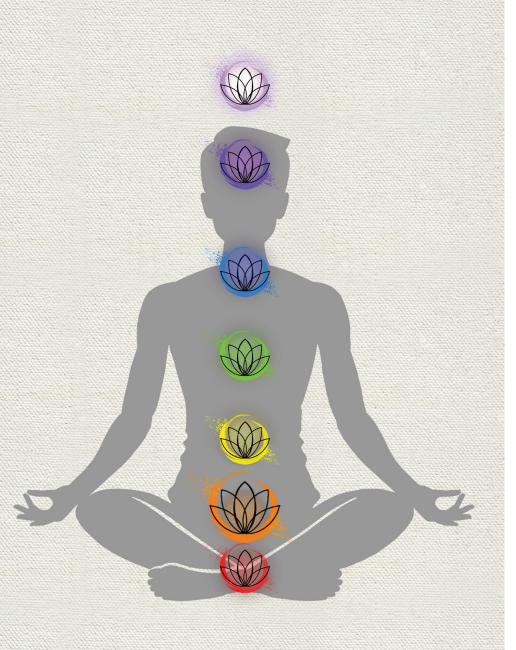

Intent is everything.

In a world where we are taught that such things that are not seen, are not real, we have the advantage to teach them the power of their own minds.

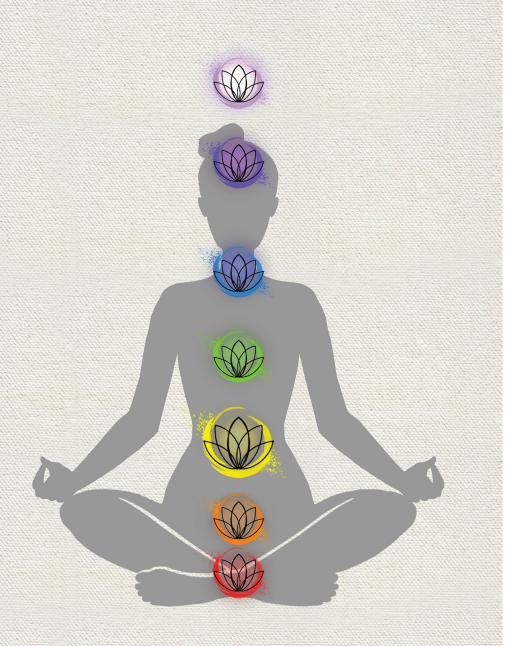

I AM SAFT

I AM HONEST

I AM INTUITIVE
